

I have always been proud of Indiana's Do Not Call Program. I believe that the person paying for the phone service should have the control over its use rather than intrusive sales people. For the past couple of years, it has been so nice not being bothered by such calls.

Another concern that I have is my aging parents who are more susceptible to unscrupulous sales people than ever. I am much less concerned about them being taken advantage of with phone sales with the current restrictions.

Please do not make any changes to Indiana's Do Not Call Program. It serves the residents - the taxpayers - of Indiana very well.
